"Terri is not in a coma. She is reactive and has sleeping and wakeful periods.

"Terri is not a burden. Her parents, brother and sister have offered to care for her in a safe environment and she has a fund so is not a burden to anyone, taxpayers included.

"Terri's condition can improve with proper treatment.

"Don't let the Florida courts starve this innocent woman to death. Terri's time is running out."

Congress can and must act this week. We cannot allow the execution of this disabled young woman.

SECURE AMERICA'S COURTHOUSE ACT OF 2005

(Ms. JACKSON-LEE of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON-LEE of Texas. Mr. Speaker, this young woman's story, Ashley Smith, speaks of courage and valor and common sense, that she was able to direct authorities to a courthouse alleged killer, but I believe that her story speaks to an ill that is occurring throughout America, and that is the lack of security in the Nation's courthouses.

I realize that most who come into the courthouses come for justice, whether they are prosecutor or defendant, whether they are plaintiff or defendant; but in America's courthouses, there are challenges and difficulties, the killing of a judge's family in Illinois, the courthouse terror that occurred in Atlanta, Georgia, and the numerous, yet unannounced, threats against courthouse personnel throughout America.

Law enforcement officers who participate in the security of those courthouses are working very hard, but I believe the plight of courthouses and justice in America cries out for congressional response, congressional hearings and congressional legislation.

So I intend to introduce the Secure America's Courthouse Act of 2005 that will bring America's attention to its courthouses both in terms of resources, in terms of equipment and personnel and the protection of the Nation's judges. I ask my colleagues to join me in the Secure America's Courthouse Act of 2005.

WASTE, FRAUD, AND ABUSE

(Mr. PRICE of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PRICE of Georgia. Mr. Speaker, America's checkbook is being used and abused every minute of every day, and

this is more than annoying to taxpayers. It is an insult.

The problems with financial management in the bureaucracy here in Washington cost hardworking taxpayers billions of dollars. Too often, money that comes to Washington never gets back home because it is eaten away by waste, fraud, and abuse.

When the Federal Government cannot account for over \$17 billion it spent in 2001, things need to change.

When the Department of Agriculture recently was unable to account for \$5 billion in receipts and expenditures, things need to change.

When the U.S. General Accounting Office will not certify the Federal Government's own accounting books because the bookkeeping is so bad, things definitely need to change.

Mr. Speaker, there are countless stories about how the government has not correctly paid on everything from Medicare to food stamps, and that is just the tip of the iceberg.

As we discuss ways to reduce spending and to increase savings, let us get serious about waste, fraud, and abuse.

It is important to remember that our government of the people, for the people is paid for by the people. It is time to stop wasting the people's money.

ASSOCIATION HEALTH PLANS

(Mr. SAM JOHNSON of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SAM JOHNSON of Texas. Mr. Speaker, let us talk about association health plans. Over 60 percent of America's uninsured are small business owners and their families or the employees who work in a small business.

Now, if you are one of the many small business owners struggling to provide health insurance for yourself, your family and your employees, I need your help encouraging Congress to pass important legislation that would make health insurance more affordable for small business.

My legislation allowing the creation of association health plans would allow small business owners to band together across State lines to purchase health insurance as a group.

This week the House Committee on Education and the Workforce will vote on the Small Business Health Fairness Act of 2005; and on behalf of the 43 million Americans who want, need, and deserve access to affordable health insurance, I encourage the House to pass this soon.

Association health plans are the answer. Let us get behind them.

WELCOMING HOME HERNANDO COUNTY NATIONAL GUARD

(Ms. GINNY BROWN-WAITE of Florida asked and was given permission to

address the House for 1 minute and to revise and extend her remarks.)

Ms. GINNY BROWN-WAITE of Florida. Mr. Speaker, I rise today to share some good news about what happened in my district this past weekend.

A gentleman by the name of Fred Glass organized a welcome home to Hernando County's National Guard unit. I was there, State elected officials were there, and local commissioners and locally elected folks were there; but most important, the citizens, family members, and businesses were there to sponsor and to welcome home the National Guard unit that was deployed for a year.

Our National Guard unit served in Iraq and Afghanistan and served with a great deal of dignity. The story was told about how at Christmastime the National Guard unit organized an ability to raise money and to give gifts to the children in Iraq and Afghanistan. Truly, this Member of Congress is very proud of the National Guard unit.

They presented me with a flag that was flown during one of their missions. It is a helicopter unit, and let me tell my colleagues that the pride that they had in their duty as National Guard members certainly was very evident.
